

We are expanding! For this we need active support and are therefore looking to strengthen our team in Regensburg as soon as possible:

IMPOSITION SPECIALIST (F/M)

WHAT TO EXPECT ...

- ✓ As a part of our "Workflow" team, whose objective is the maximum digitalization and automation of production and file workflows for our customers, you will be drafting and coordinating the redesign of our software solutions in the field of automated sheet assembly/imposition and their connection to workflow systems
- ✓ The planning and testing of the necessary functionalities together with our customers and equipment manufacturers
- ✓ Contribute to the design and development of a software universe that ensures the daily production of millions of products worldwide in the print and media industry (e.g. photo books, signage, product labels, price tags, out-of-home advertising, magazines, ...) without errors, in high quality and in the shortest possible production time-since automated
- ✓ Challenging and rewarding experiences; ensured, among other things, by our range of software solutions, their diverse application areas as well as our international customers...

MUST HAVES ...

- ✓ Experience in prepress and production:
Production processes | Press- & post-processing machines | Digital- and offset press | Imposition | Job tickets, XML, JDF, etc. | Proven experience with common tools and technologies in this sector
- ✓ Analytical and systematic thinking skill
- ✓ Good to very good knowledge of German and English
- ✓ You enjoy working with software, designing and improving it
- ✓ Interest in the latest technological development in this sector

Nice-to-haves

- ✓ Team leading
- ✓ Project Management
- ✓ Software Testing
- ✓ Requirement Analysis

YOU WILL EXPERIENCE ...

- ✓ Exciting challenges in an expanding technology environment
- ✓ Flat hierarchies with very short communication and decision-making paths
- ✓ A motivated team with open and friendly colleagues
